FAQs

Will the Workspace ONE Intelligent Hub monitor my personal activity or data on my mobile?

Workspace ONE Intelligent Hub works to provide complete transparency into what data is being collected through a privacy notice. The privacy notice will be presented when you are first getting started in the app. You will be alerted any time a change is made that could impact your privacy.

I am new to the Workspace ONE Intelligent Hub. How do I get this app on my phone?

Download the app from the Apple App Store or Google Play Store. For detailed enrollment instructions, refer to the links in the **Getting started** section.

What do I do if I lose my phone?

Report the loss to the IT department immediately. IT will take appropriate action to secure the corporate data by remotely wiping any corporate data on the device.
